Schedule 4 – National Competition Policy Pricing

In accordance with the National Competition Policy guidelines, the Council has categorised 3 of its activities “Business Activities”:

- o Sewerage Disposal
- o Rubbish Collection Service

Council activities are not subject to income tax and some other forms of taxation. National Competition Policy guidelines, however, require Council to determine the results of aspects of its operations that are considered to be equivalent to similar private sector business operations that are subject to all forms of taxation. Indirect taxes such as payroll and fringe benefits have to be included as expenses where applicable. Taxable items have been determined and a corporate rate of tax equivalent to 30% calculated. This exercise enables comparison between similar public and private sector businesses.

Council believes that it has a responsibility to provide both these entities as essential services to the residents of the Shire as part of its Community Service Obligation (CSO) and is prepared to accept a level of subsidisation in operations for the benefit of the Shire.

The table displayed below provides details of the estimated operating result for the 2 entities for 2014/15: -

	RUBBISH COLLECTION SERVICE (\$)	SEWER SERVICES (\$)
Income	1,045,662	1,210,966
Expenditure	1,045,662	1,210,966
