

Community Information Sessions

Cowal Gold Operations – Open Pit Continuation Project

Combining stakeholder consultation and community feedback, Evolution has developed a final concept design for the Open Pit Continuation Project that will be submitted with the EIS.

Evolution Mining Limited (Evolution) is currently preparing an Environmental Impact Statement (EIS) for the proposed continuation of Cowal Gold Operations (CGO), known as the Open Pit Continuation (OPC) Project.

The EIS will include a comprehensive assessment of the potential environmental, social and economic benefits and impacts of the project, as well as identify appropriate management and mitigation measures.

Community Information Sessions

To provide an opportunity to speak to the project team about progress of the project proposal, two community information sessions are being held in March 2023:

Online session

Tuesday, March 28
5.30pm-6.30pm

Scan the QR code and follow the prompts to register your details to receive an online meeting invite.

Drop-in session

Wednesday, March 29
3pm-6pm

West Wyalong Services and Citizens Club
100 Monash St, West Wyalong

For further information or to register for project updates, get in touch with the project team:
