MEDIA RELEASE

Bland Shire Road Condition Report as at 22 January 2024

All unsealed roads within the Bland Shire Council area are now OPEN to all traffic, however some roads have been damaged during recent rain events. Vehicles using the roads should do so with extreme caution. Road shoulders may also be soft and boggy so care should be taken if moving off the road carriageway.

Heavy vehicle operators are asked to limit travel on unsealed roads whenever possible until the road surface is dry.

Further information is available by phoning Council's Assets and Engineering Services Department on (02) 6972 2266.
